## About

I am a recent Computer Science graduate with a strong interest in practical applications seeking a position that utilizes my knowledge, experience, and passion of programming and software design.

## Toolbelt

Android, NodeJS, Angular, Rails, PHP, .NET, MongoDB, PostgreSQL, MySQL, C++, Python

## Education

### Bachelors of Science

#### Computer Science

Minor: Mathematics

CSU Chico,

Spring 2015

Overall GPA: 3.9

### Associates of Arts

#### Science Exploration

College of the Redwoods

Spring 2011

Overall GPA: 3.8

## Work Experience

### [InstaApp.io](http://InstaApp.io) - Application Developer | SF Startup

August 2015 – Present

Conceptualized and designed an Android application from scratch that has a user base of thousands. Utilized technologies such as RxJava and Retrofit to create a clean design built for scalability.

### Chevron Intern – Application Developer

May – August 2014

Refactored a large scale web application that is used throughout their refineries. Utilizing tools such as the .NET MVC Framework and Entity Framework with languages such as C# and Visual Basic.

- Developed a unique and innovative prototype application using the Microsoft Kinect Framework. Increased loading times on certain pages by a factor of 10.
- Reduced complexity of the overall application thus making future feature additions much faster.
- Produced clean and responsive front end JavaScript design mockups for usability testing.

### [Soy.Sauce.do](http://Soy.Sauce.do) - Freelance Programmer

January 2005–Present

Conceptualized and built hundreds of scripts, full stack web apps, desktop applications, and server configurations. Utilized everything from PHP, Rails, NodeJS, and Angular to C++. Python, and bash.

- Communicated and secured contracts while ensuring satisfaction with clientele.
- Developed full stack web apps that handle traffic from thousands of users every day.

---

## Awards and Activities

### CSU Chico

Summa Cum Laude (top 1% GPA in the school of engineering)

Vice President and co-founder of web development and design club

Member of Upsilon Pi Epsilon honors club

Dean's list honors for six semesters .

Awarded Ray Stapleton Family Scholarship and the Dale Stevenson Memorial Scholarship
